2021 NEOTEC Fieldwork Educator Appreciation *Coming Soon to a Device Near You!* **Virtual Awards, Workshops, and Panels**

Varied Topics Include:

- ★ New Electronic Fieldwork Performance Evaluation
- ★ Supports for using Telehealth with Fieldwork Students
- ★ Managing COVID Precautions and Updating Student Requirements
 - ★ Announcements, Awards, and Appreciation
 - ★ Legislative and National Association Updates

The *New England Occupational Therapy Education Council* wants to extend our deepest gratitude and appreciation for everything you have done to support our students and our profession during this past year. It is because of your generosity and innovation that our programs and students have continued to be successful despite the extreme circumstances that have become a part of our daily lives.

As a token of our appreciation we have collaborated to offer you access to a variety of virtual training and seminars that you can utilize at times that are convenient to you. Each training will be accompanied by an outcome measure and certificate that you can add to your professional portfolio. This will be available through an easily accessible online portal beginning in June, and then will be permanently available for all practitioners that are supporters of schools belonging to NEOTEC.

Again, we thank you for all of your hard work and dedication to our students. We could not do this without you!

Brought to you by NEOTEC Board and available ON DEMAND
