# STUDENT EVALUATION OF THE FIELDWORK EDUCATOR

Purpose:

This evaluation serves as a tool for fieldwork sites, academic programs, and students. The main objectives of this evaluation are to:

- Enable the Level II fieldwork student who is completing a placement at the site to evaluate and provide feedback to the fieldwork educator[s] and fieldwork setting
- Enable academic programs, fieldwork sites, and fieldwork educators to benefit from student feedback in order to develop and refine their Level II fieldwork programs
- Provide objective information to students who are selecting sites for future Level II fieldwork

This form is designed to offer each program the opportunity to gather meaningful and useful information. Programs may adapt this form to suit their needs.

Instructions to the Student:

Complete the SEFWE before your final meeting with your fieldwork educator(s).

Make a copy of the form for yourself. This form gets submitted to your fieldwork educator during or after you review your final fieldwork performance evaluation (FWPE). The SEFWE is signed by you and the fieldwork educator(s).

Instructions to the Fieldwork Educator(s):

Review the SEFWE with the student after the final Fieldwork Performance Evaluation (FWPE) has been reviewed and signed.
